Intellectual darkness comes through ignorance; spiritual darkness comes because of something I do not intend to obey.

EOM Television

For the last thirty plus years Ethiopian Outreach Ministry (EOM) has been proclaiming the gospel by teaching and encouraging Christians through the use of tapes/CDs, written format, and radio. We are excited to be adding television as one of our new media platforms.

Our television program was launched earlier this year. The program is produced in our studio in Addis Ababa, Ethiopia by Paulos Gebre and broadcast from Sweden. The air time is Monday and Thursday evenings local time. It has been well received and we are encouraged by the feedback.

On his recent trip to Ethiopia, Dr. Wogu was able to record six months worth of messages before returning home. This will allow Paulos to meet the biweekly program demands. We are also planning to have the messages available on YouTube.

EOM's Fundraising Dinner

On August 9, 2014, EOM organized a fundraising dinner for the local businessmen and women of Addis Ababa, Ethiopia. Of the 100 people invited, 60% attended and 700,000 Ethiopian Birr were received in pledges. During the dinner there was a video presentation of EOM's history and ministry outreach, which was followed by a message from Dr. Melese Wogu. The message encapsulated the vision for the Leadership Training Center.

Currently, the building project is on hold because the government has put a claim on our property and the surrounding area for the purpose of constructing a light rail station. We expect to receive replacement land, but we are not sure when and where that will be. On the other hand, there is a slight possibility that the government might allow us to keep the property. In any case, please pray for wisdom on how to proceed.

MINISTRY NEEDS MET

Over the years God has used many of our friends and supporters to meet the needs of this ministry. The needs that were met ranged from paying off the mortgage to renovating our current office to installing appliances, a better phone system, and just recently buying a new widow air conditioner unit. We also had a camera donated for our newly launched television program. Thank you all for allowing God to use you to encourage us. ~

RETURN SERVICE REQUESTED

LETTER

Dear man of God, Dr. Melese Wogu,

May God bless you and all who serve with you. Your books have helped us correct many of our distorted views and beliefs about the Christian faith. We especially thank you for taking a stand against those who use the Bible for their own gain—to make money. I believe that your books were written with the guidance of the Holy Spirit. That is what makes it different from other books. With that in mind, would you please check out the following teacher from America whose materials I have been receiving. I want to protect others and myself from false teachings. Thank you.
